regarding Mr. Adrian Costea (Graphic Designer and Photographer)

I'm Cristian Martinetz, a well known photographer in Constanta, Romania. I met Mr. Adrian Costea in 2003 and I was very pleased to find out since then, he is one of the best professionals in graphic design I know, proving with any occasion his unique artistic vision. Although I have more then 20 years experience in photography, I can say with a lot of gratitude that Mr. Adrian Costea has revealed to me some exceptional techniques in improving my quality work. He is very notorious in our city for building amazing designs, always well focused on his work, always improving his skills.

Any community will benefit upon his presence.
